

CHILDREN'S PARLIAMENT UPDATE

Term 2
Week 3

Governing Council Report

ATSI NATIONS MINISTRY

- Conducted a survey in classrooms and will be organising Acknowledgement of Country posters within the school
- Ordered Aboriginal Nations Map which will be on display in The Nest, Broad Street, New Street and front office
- Currently organising lunch time activities during Reconciliation Week which include Planting in the Meeting and Memorial Garden and arts and crafts in Rosey's Room.
- Organising a whole school picnic 'Rock Swap' Day as part of Reconciliation Week activities
- ATSI Nations plan to present a short workshop to classrooms during Reconciliation Week

SPORTS MINISTRY

- Discussed the idea of putting identified equipment out during breaks for students to use
- This is equipment was voted by students from sporting interests and to get student voice into our Ministry
- Looking into designing lunchtime sporting tournaments and identifying which sports and games will be available for students to register for

ENVIRONMENTS MINISTRY

- Bin audits of classrooms with written feedback to each class
- Continuing to work with Michael Jolly to roll out the rest of the BINSHIFT bins in common areas of the school.

EDUCATION MINISTRY

- Presenting Life Science Monitors speech to classes in Week 3.
- Collect Life Science Centre nominations and implement a system to run and support animal feedback at first breaks on Monday, Wednesday, and Friday.

PUBLIC RELATIONS MINISTRY

- Designed 10 quotes for this term to go on the board out the front of the school, we tried to connect in our events and used the events calendar in the staff room to help us plan
- Developed a Roster to change the sign (we do this in our own time so we don't come out of learning and we give back to our school)
- We organised for the sign to be painted, it looks much nicer and more presentable now. Have you noticed it?

COMMUNITY AFFAIRS MINISTRY

- We wanted to work in the canteen in our own time to support our school so we have organised to be trained up by Ina and we now work in the canteen!!
- We needed to communicate this to our peers so we learnt how to use teams and have put entries in of who is working when so students know
- We have learnt new skills like customer service, money handling, math, protocols and also learnt about our responsibilities while working in the canteen

DIVERSITY MINISTRY

- We wanted to change 'Harmony' Day this year to 'Diversity Day' to be more inclusive
- We brainstormed the idea and all of the things we needed to organise and emailed Mr Jarrad with our Ideas
- We gave Mr Jarrad a deadline as to when to reply to our email and he did! He supported our idea it and he liked how we did lots of planning for this day. Mr Jarrad is helping us and we are learning from him on how to plan for big events. Thanks Mr Jarrad for your time and help we know you are busy but you always make time for us kids.
- Diversity day is being held on Friday of Week 9
