

CHILDREN'S PARLIAMENT UPDATE

Term 3
Week 3

Governing Council Report
Presented By Ella and Jackson

PUBLIC RELATIONS MINISTRY

- We designed the flyer and the 'save the date' note for the Movie and Pizza Night!
- We organised and framed all the CPAPS photos in the front office, we received some great feedback.
- We made posters for the lemonade stand!
- We designed a roster for the admin computer every day ensuring that when people walk in they feel welcome and its a nice area to walk into. We are playing nice music and displaying photos of fun things we do around the school.

DIVERSITY MINISTRY

- Successful Diversity Day!!
- We helped the lemonade stand with their vision of raising money for Charity. They came to our meeting and presented to us. We looked at the idea and worked with them to make it happen!
- We enjoyed expressing our messages through our student quotes on the Facebook page about the importance and thinking around Diversity Day
- We spoke to all classes (made up a script) and delivered this to all students about 'Diversity'.

ENVIRONMENTS MINISTRY

- Planned to sell the olive oil - the first bottle will be auctioned off at the Pizza Night!
- Looking at Nature Play Plans

EDUCATION MINISTRY

- Planning book week celebrations

ATSI NATIONS MINISTRY

- We were delighted with the outcome of the Mural completed in the Term 2 holidays by Thomas Readett, TR Visual Arts. it has been such a great process to be involved with and we enjoyed sharing our ideas and seeing them come to life.
- We will be planning a 'Mural Launch' towards the end of Term 3 when the weather is better. We hope our community love the rainbow Lorikeet and Purple Spotted Gudgeon as much as we do.

COMMUNITY AFFAIRS MINISTRY

- We are working well in the canteen supporting Ina again this term.
- We are excited to work with our community at Pizza Night handing out Pizza and connecting with everyone.
- We organised a vote for the Movie Night Movie, surveyed all classes and they picked 'Ralph Breaks the Internet'.
- We ordered and organised all of the items we needed for pizza night. We created a list of items, and also spoke about how to greet parents and serve pizza (building our confidence in public speaking). It was fun placing an online KMART order too!
- We are planning on how to work with families on getting them involved in the breakfast club on Wednesdays, this is a work in progress
- We also are planning on talking to Leadership about changing our bells to not be a bell but to play songs!

SPORTS MINISTRY

- Coordinating a Survivor Lunchtime tournament during breaks over a 6 week period.
- Introduction of Sports tubs to classrooms (so students can use equipment during breaks)
- Supporting students who need assistance with equipment during break times.
