About Playgroup

Playgroup is a wonderful opportunity for children aged 0 – 5 and their parents / caregivers to explore a range of activities together through play-based learning. This will encourage your child to build their social skills through having fun, learning how to share with other children and develop new skills through connecting with music, stories, dance and play.

Parents/caregivers will have an opportunity to strengthen their bond with their child, enjoy tea and coffee which is provided, and connect with other families in their community. Playgroup supports you and your child to learn new skills, share experiences, play, learn and engage with others in a safe and caring environment.
